R H O D O D N A M E D

We offer true to name hardy hybrid Rhododendrons. All plants are vigorous, well rooted stem cuttings. With our automatic controls and Antibiotics you can be assured of receiving healthy stock.

All our cuttings are taken from selected, healthy blooming stock plants. Do not compare our material with the questionable influx of stock with doubtful names and hardiness.

No graft weaknesses or suckering to contend with.

Ready to ship May 1st with a nice peat ball to assure continued healthy growth.
